

Save You Money

Tire Pros is one of the largest tire distributor in the US, so we're able to buy tires and other products for less-and save you money without compromising quality.

Honest, Out-The-Door Pricing

We never add on hidden charges for mounting, balancing, valve stems or flat repair coverage. At Curry's Tire Pros, all these "extra" services are always included in the tire price. When you see one of our prices at our store or in an ad, you can count on seeing that same price on your invoice.

Local Responsibility

Even though we are part of a Nationwide distribution network, Curry's is locally owned and operated by the Curry Family, so there's always an owner nearby if you have a special need or problem. When you buy from your Curry's Auto Service/ Tire Pros store, you're helping the economy of your local community as well.

Outstanding Selection

Whether you need tires for your pick-up, SUV or luxury sedan, we have what you need. We carry the world's most respected tire brands-including BFGoodrich, Michelin, Goodyear, Uniroyal, Dunlop, Bridgestone, Firestone, Yokohama, General Tire, Continental, Pirelli and American.

Curry's offers all brands of tires at very competitive prices and have many of the most popular sized tires in stock. But if we don't, we have the ability to locate them – even those hard to find brands and sizes – through our immense TIRE PROS network of local and national distributors; in most cases we can get the tire you need the same day.

Our Exclusive Tire Brand

We can save you even more money on our exclusive American brand tires-premium quality radials built in America exclusively for Tire Pros.

Expertly Trained Personnel

Our staff takes part in on-going product and technical educational programs so they'll be the best trained, most knowledgeable in the business. Our expert technicians provide informed pre-fitting assessments, expert installations and follow-up analysis and care.

Integrity

Our associates will suggest advice based on your needs . We're growing our business one relationship at a time and our loyal customers know they can trust us. Ask your friends and neighbors.

Nationwide Peace-Of-Mind

As a member of American Car Care Centers, you can receive the protection of our service warranties, honored at over 10,000 locations coast-to-coast.

Road Hazard Protection

You're never on your own if you get a flat on the highway. We offer every tire we sell with a nationwide road hazard warranty.

High Performance Specialists

Our knowledgeable professionals understand high performance ratings and performance characteristics. They have the state-of-the-art equipment to care for your custom wheels and the technical expertise to ensure a proper installation. We're specially trained on tire pressure monitoring systems and run-flat technology. It's vitally important you choose the right shop to mount and balance your tires so these features/options aren't inadvertently damaged – without your knowledge.

We Help Your Tires Last

Even the best tire isn't a good value if it wears out early. To help your tires serve their full lives, we check your inflation pressures and inspect for premature wear whenever you need us to. We also have the best alignment equipment to make sure you get the most out of your tires.

Comprehensive automotive service

Our associates are experts at a wide variety of automotive services-including brakes, shocks, lube & oil changes, batteries and more. We are also one of the few tire dealers who have the specialized equipment and training required to perform wheel alignments.

90 Days Same As Cash

If you need tires now but are strapped for cash, in minutes you can be approved for Tire Pros' Preferred Customer Credit Program-and pay no interest for 90 days.
