**Sir** Isaac  
Newton's

**Totally Awesome Driving School** 

Brought to you by: **DRIVELAB**

**A REAL  
Driving School  
for TEENS ONLY**

**Sunday, November 21, 2010  
Stonewall Jackson High School  
Manassas, VA  
7:00 am - 4:30 pm**

Spend the day with DRIVELAB's super knowledgeable driving instructors who are highly skilled drivers as well as teachers. They will put the drivers through a series of demonic, devilish, diabolical exercises designed to extend the driving skills of your teen. Learn why cars do what they do and what to do about it! Driving is applied physics, hence the name "**Sir Isaac Newton's Totally Awesome Driving School**"!

Parents or guardians must stay and attend classroom sessions and also be in the car to watch their offspring drive through exercises designed to make them understand why they lose control and how to prevent it. All this is done at very slow speeds in a very safe environment. It is far better for them to know what to do beforehand than to experience something happening on the public roads and not know what to do!

The fee for this wonderful learning environment is \$150 and includes a fabulous gourmet pizza from the local pizza joint. Seating is limited, sorry, no drive-ins, no car sharing or SUV's or vans! At least one parent or guardian **MUST** accompany the driver at all times! Drivers must have a license or driving permit.

**Registration:**
